The asset register for the insurer

What the club owns, what it paid and what it's worth now, ready to send to the insurer.

Where

Members admin → Kit store, under **Asset register**.

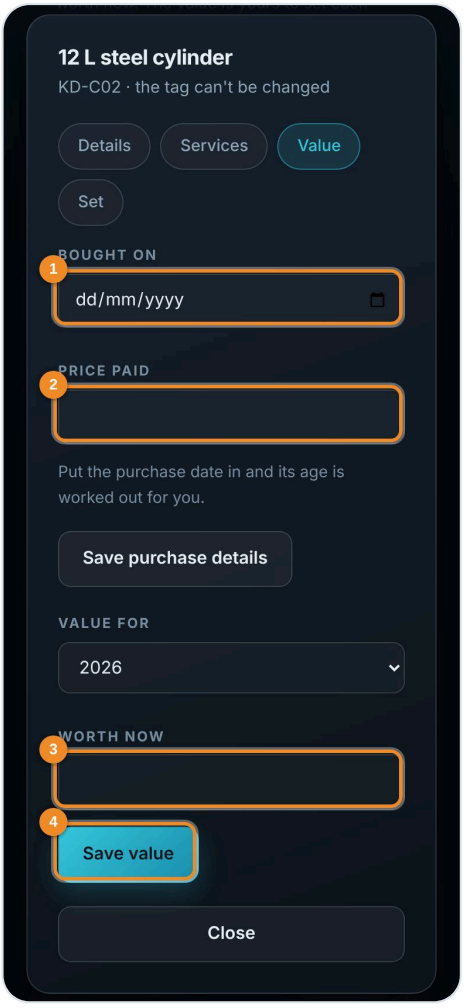

Values

From the price paid and when it was bought, or a value you set for the year.

Getting it

1. **Value items**
   Press **Value it** on anything without an up-to-date value. Put when it was bought and the price paid (**Save purchase details**), and what it's worth now for this year (**Save value**).

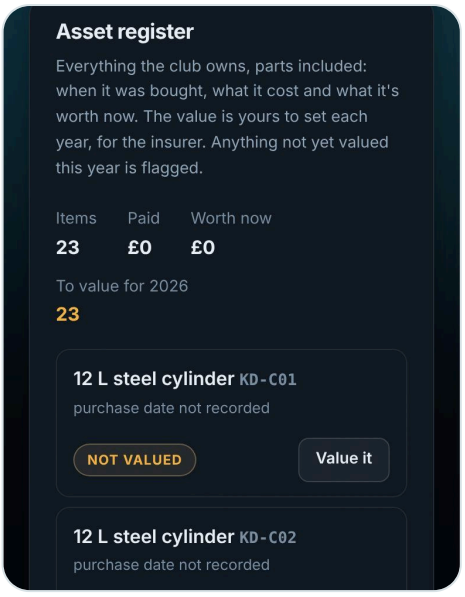

2. **Download**
   Press **Download for the insurer (spreadsheet)** for a spreadsheet of everything the club owns, with tags, values and test dates. In the phone app it goes to the share sheet.

1 bought on, 2 price paid, 3 worth now, 4 Save value.

The register itself

1. **On the Kit store tab**
   Every item with its value, and the total. **Download for the insurer** is above the list.

1 Download for the insurer.
