Joining the club: your first sign-in

When you're new, the site walks you through what the club needs from you before you start booking.

Where

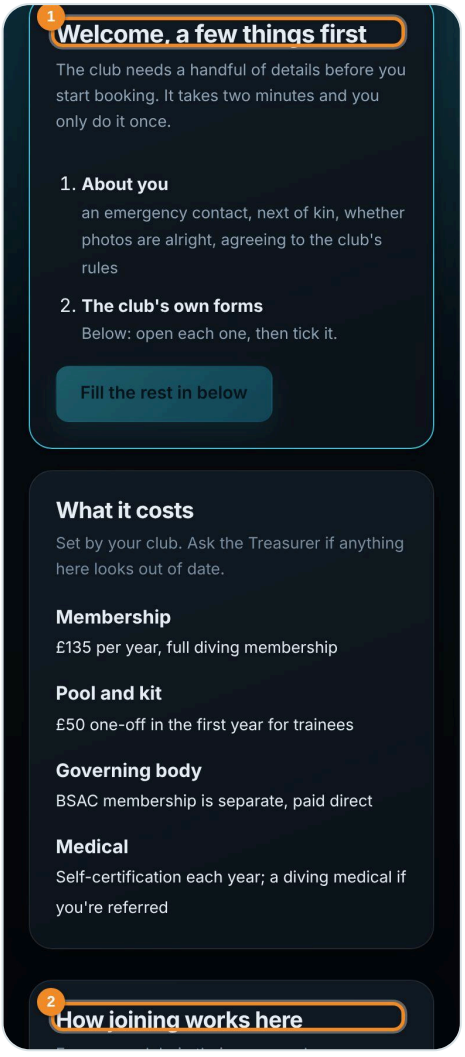

It appears by itself the first time you sign in, on **Kit Bag → My details**. The home screen says **Welcome. A few details first.**

How long

About two minutes, and you only do it once.

Welcome, and how joining works

1. **Read Welcome, a few things first**
   It lists what the club needs: your details, and any forms the club uses.
2. **Read what it costs and how joining works**
   Your club's own joining letter: fees, how to pay, which governing body to join, what to buy.

1 what the club needs, 2 the club's joining letter.

The forms, your details, and finishing

1. **Do the club's forms**

   Press **Open the form** to fill each one in on the club's own system, then tick **I've done this**. Nobody can tick it for you, and the club never sees what you put on the form.

2. **Fill in your details**

   Your emergency contact, next of kin and whether photos are alright, then **Save my details** (guide M2).

3. **Finish**

   When everything is done, press the button at the top to say so. You can then book dives and kit.

1 Open the form, 2 I've done this.
