Paying for damaged or lost kit

If club kit comes back damaged or goes missing, the Equipment Officer may ask for a contribution. This is where you see it.

Where

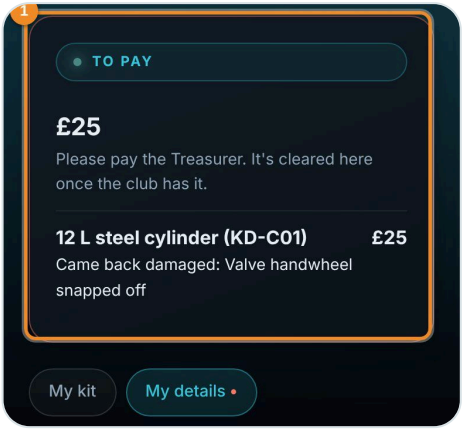

Kit Bag → My details, at the top, and on the home screen. The Kit Bag tile says when something is owed.

Paying

You pay the club the usual way, such as on club night. The site never takes money.

Seeing what you owe

1. **Look at My details**
   Anything owed is shown at the top with the item, what happened and the amount.
2. **Pay the club**
   Pay the Treasurer or Equipment Officer the way the club normally takes money. They mark it paid on the site and it disappears from here. If they decide to let it go, you're told in your messages.

1 what's owed, and why.

Think it's wrong?

Speak to the Equipment Officer. They can change or cancel it.
